

ESDO TRAINEE FELLOWSHIP REPORT 2018

Name of Fellow: **Pavel Klvana**
Country of Origin: **Czech Republic**
Fellowship Institute: **Academic Medical Center Amsterdam, Netherlands**
Fellowship Host: **Professor Evelien Dekker**
Date of Fellowship: **October 1 – 5, 2018**

Report:

Despite having spent only one week at the clinic, it was an unforgettable experience. Every day I attended morning meetings and multidisciplinary boards, the rest of the days I spent at endoscopy rooms watching leading European specialists performing all kind of endoscopic procedures. Professor Dekker is really an excellent host, she is kind and helpful as everyone else at the clinic. Since everybody speaks English, being not familiar with the Dutch language is not a problem. Overall, I highly recommend the internship.
