General description of Hospital

The Academic Medical Center (AMC) is one of the foremost research institutions in the Netherlands, as well as one of its largest hospitals. The AMC complex houses the university hospital and the faculty of medicine of UvA as well as the Emma Children's Hospital, the Netherlands Institute for Neuroscience, the medical department of the Royal Tropical Institute and the Amsterdam Institute for Global Health and Development.

University hospital total number of beds
University affiliated hospital beds dedicated to GI oncology: 10

Host profile / Facilities:

Tertiary referral center for all GI-cancers

Our organisation is focused at the so-called multidisciplinary GIOCA-clinics, daily Mo-Thu. Mo: Liver cancers, Tue: Colorectal cancers, Wednesday: Upper GI cancers, Thu: HPB cancers. Besides highly specialized care, also a lot of clinical, translational and basic research is performed at our center.

Multidisciplinary

- Specialities available: Surgery, Medical Oncology/ GI Oncology, Gastroenterology, Pathology, Radiology, Radiation Therapy and all others like Clinical genetics, Dieticians etc.
- Opportunity to frequently participate in multidisciplinary team meetings (Mo – Thu as above)

Supervision

- The trainee can frequently participate in operations with his/her tutor
- The trainee can frequently participate in outpatient clinics with his/her tutor

Please note: according to its profile, this institute preferably hosts Gastroenterologists; others are welcome
